WORK PERSONALITY RESULTS

Your career test answers have been analyzed using decades of scientific research and professional evaluations. The assessment you just completed is utilized by companies, universities, and career coaches around the world.

Your results indicate that you are :

Calm, Confident, and Analytical

You have an ability to absorb extremely complex material. This makes you highly valuable to companies needing to create or improve strategies and complex systems.

You have a natural gift to create order and structure from abstract theory.

You have an extremely high level of concentration and are good at using your future oriented thinking to see the challenges and benefits of implementing your ideas.

You are a wellspring of creative ideas and you are most energized when you are acquiring knowledge and learning to master new skills.

You are a "big picture" person. You have the ability to come up with ideas, solutions and opportunities. You see possibilities and jump on opportunities.

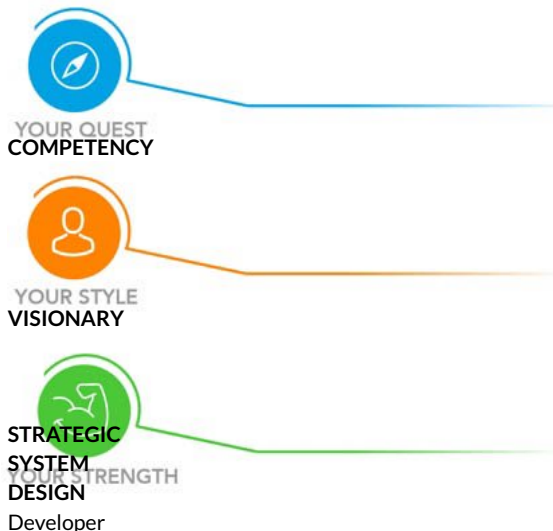

You have natural leadership ability. However, you don't mind following someone whose knowledge and experience you respect.

Your perfect career provides you with independence, diversity, plenty of intellectual stimulation, and the opportunity to generate ideas.
